Indiana Democrats Seem to Have Elected Their Candidate for Governor, and Harmon Says He Has Been Elected in Ohio by 80,000-The Bival Claims.

INDIANAPOLIS, Nov. 4, 1 A. M .- The returns from to-day's election are so incomplete that it is impossible at this time to name the winner. Both parties claim victory, the Republicans by about 3,000 and the Democrats by 12,000.

Marshall, Democratic candidate for Governor, is elected. The Logislature is

COLAVAPOLAS, Nov. 3.-At 10 o'clock towith respect to the national ticket, but reasonably certain as to the election of Marshall, Democrat, as Governor, and giving that party control of the Legislature on joint ballot, thus insuring the election of a Democratic United States Senator to succeed James A. Hemenway

Marion county, the larges in the State, which President Roosavelt carried four years ago by 12,767 plurality, has given Marshall a plurality over Watson of more than 4,000, and in the State at large he is leading. In a majority of the counties the Republican pluralities of four years ago seem from partial returns to be entirely wiped out, but this may be changed by later returns from the rural districts.

The precincts reported at this hour are nearly all in cities where the Republicans expected to lose heavily from the vote of four years ago, but they have claimed that these losses would be over-come by gains in the rural districts where electors are supposed to approve the temperance policy of the party as shown in the passage of the county local option law at the recent special session of the

In all the elections for the tast twelve years the Republican majorities were tration in the district was only 376. cast in the cities, and to-night's returns indicate that this condition is reversed

Returns at this hour are too incomplete to indicate how the Congress delegation will stand. In the Marion county district Overstreet, Republican, is running slightly ahead of his Democratic opponent, but the returns are not complete enough to indicate certainly the result.

The Republican managers expected Taft to carry Marion county by at least 3,000 plurality, but returns from nearly all the precincts show that the difference between him and Bryan will be only a few hundred votes, and it is by no means certain that Taff has carried the county

There was a great deal of scratching in all the precincts and in many of the counties. The count of the votes will not be completed before morning. Unless there is a slump from the Republican vote in the Congress districts from local causes, there will probably be little change in the Indiana delegation, though partial returns from the Second district indicate that W. over Chaney, present incumbent.

The Star, Republican, says that Taft's plurality in Indiana will be less than 5,000 and that Marshall, Democrat, for Governor, is elected by 4,000.

One bundred and five precincts out of 138 in Marion county give Bryan 26, 708; Taft, 26,719. Roosevelt carried the county four years ago by 12,767.

One thousand districts out of 3,245 indicate a plurality for Taft of 8,400. Estimating from the same districts, Marshall, Democratic candidate for Governor, has 19,000 plurality.

BOTH SIDES CLAIM OHIO. Gev. Harris to Be Elected.

COLUMBUS, Ohio, Nov. 4.-At 1 o'clock both the Republican and Democratic State managers are claiming the election in

Ohio State Journal (Rep.) says Harris (Rep.) is elected Governor by 175,000. This prediction is based on the returns from .. small number of precincts,

Much surprise was created by early returns from Hamilton county, the seat of the liberal element which has bitterly antagonized the Governor, but in the early returns from that county, which is the home of Judge Taft, Harris was running well up with Taft, and a Cincinnati editor sent Gov. Harris a telegram declaring he would carry the county by 10,000 to 12,000. To overcome the vote by which Pattison (Dem.) was elected Governor three years ago, Harris has only to gain ten votes to a precinct

Returns coming in late greatly cheered up those at Democratic State headquarters and at 10:30 Democratic Chairman Finley, who earlier had been despairing gave out a statement that both Bryan and Judson Harmon, Democratic candidate for Governor, would carry the State. Nothing is known as to Legislature and little as to Congress in Ohio. State Chairman Williams claims Ohio

for Taft by 100,000 and for Harris by 50,000. CINCINNATI, Nov. 3.—Judge Harmon

"I am satisfied that I am elected Governor by probably 80,000 plurality.
"Chairman Finley in a statement puts it at 100,000 for me and 50,000 for Bryan. It seems that I am gaining about eight to ten votes in every precinct over Pattison's vote in 1905."

TAFT GAINS IN FLORIDA.

But Republican State Ticket Falls Be

JACKSONVILLE, Fla., Nov. 3 .- Conservative estimates are that Bryan has carried Florida by 21,000 plurality, while the Democratic State ticket is elected by 23,000

The Republicans have made slight gains in the vote for Presidential electors, but rave fallen behind on the State ticket. The Socialists had up full national and State tickets, but have made little if any gain. The Independence party hardly received 1,000 votes in the State. The

dates are arranged alphabetically, with nothing to designate the party.

The new Legislature will be Democratic with possibly two exceptions, one a Republican and one a Socialist. This Legislature will elect a United States Senator, but is pledged to abide by the Democratic primary at which Duncan Upahaw Fletcher of Jacksonville was nominated to succeed Senator W. H. Milton.

Many white people voted the Republican national ticket and the Democratic State ticket.

TAFT GAINS IN GEORGIA. Legislature May Be Called Upon to

ATLANTA, Nov. 8.-Returns up to o'clock confirm the estimate that Bryan has carried Georgia, though the majority will probably be much reduced as Taft and Watson got unexpectedly heavy votes in some localities.

In Savannah out of 4,000 votes Taff received 1,800. Bryan has carried Atlanta by barely 1,000 majority, Taft carrying two wards, the First and Fourth. Taft has also carried Gilmer county and Thomas county.

Complete returns will not be available to-night and it is barely possible, though not probable from returns so far in, that the combined Taft and Watson vote may exceed the vote for Bryan, in which event the electors would be named by the

Legislature.

The vote for Hisgen and Graves is very small. In College Park, an Atlanta suburb where Graves lived, the Hearst ticket did not get a vote.

Bryan went to bed at 11 o'clock to-night without making any statement regarding the outcome of the election. Whatever may have been his own belief he made no public decisration acknowledging defeat or laying claim to victory. The nearest he came to public utterance on this point was early in the evening when he said he would postpone any public utterance until to-morrow on account of the doubt which surrounded results in the

States of the upper Mississippi valley.

Before retiring Mr. Bryan received definite news that he had carried the city of Lincoln by 700, reversing a customary have Lancaster county, in which Lincoln is mentary a vote in my home precinct and in the city of Lincoln. I appreciate very much this expression of good will on the

Mr. Taft voted in precinct H of the Second ward. The polling place at 2009 Madison road is a plumbing shop, within a bout half a block of Senator Foraker's house.

Mr. Taft drove to the polling place with his wife and his niece, Miss Louise with his wife and his niece, Miss Louise Taft. A small crowd had been waiting all day near the plumbing shop, Mr. Taft greeted the crowd with a smile and hurried in. He had a cheerful word for two for the men behind the rail and then, taking his ballots, slipped into a booth. He was in the booth just three minutes.

The Ohie ballots this year were 42 inches long and 20 wide, the biggest in the history of the State. It was the first time that a full State and county ticket had been elected with a mational ticket.

After voting Mr. Taft returned at once to his brother's home. He had expected to vote earlier in the day, but pressing correspondence and a number of callers prevented him. He arrived in the morning, Throughout the day he was in a most cheerful mood and always confident of his election.

Vahey carried Boston by about 12,000,

at the polling places. An example of what happened to Boston's Democracy was in ward 6, usually a strong Democratic district. Not only 'did it give a plurality for Taft but it elected two Republican Representatives.

An early indication of the Taft land-slide in this State were the returns from the little village of Hull. "As Hull goes so goes the State" is an old slogan, and it proved true to-day. Taft had 142 votes, as against 117 for Roosevelt, while Bryan had only 54 to Parker's 84 in the last Presidential election, a big gain for the Republican nominee and still heavier loss for Bryan. While the percentages of loss and gain throughout the State did not hold equal to those of Hull still they were not far different.

Even Democratic Hudson Gave Mr. Bryan the Legislature Republican With Increased Strength-Vote by Countles.

William H. Taft carried the State of ew Jersey by 60,000 plurality at the very west computation. There are some indications that the figure may exceed President Roosevelt's plurality of 80,598 in 1904. After hearing from all parts of the State Franklin Murphy said early this morning that the plurality would be

considerably in excess of 80,000.

In the voting machine districts, which were heard from early, the Taft vote slightly exceeded that of Mr. Roosevelt. In Hudson county, the Democratic stronghold, however, Mr. Bryan, though running far behind the local ticket, had a much larger plurality than that of Judge Parker four years ago.

It seems as if the Republicans had elected seven out of the ten Congressmen, only the two districts in Hudson county and the Sixth Congress district choosing Democratic representatives. The Sixth is in doubt and Mr. Murphy claims it for the Republican candidate.

There is no room to doubt that both houses of the Legislature will be Republican, though owing to cutting in several counties on account of the liquor issue. the exact complexion of each House is in doubt to the extent of two or three
